## How do I change locations on my ad?

Ria - 2020-07-29 - Ads

To change cities you just need to create a new ad and delete or pause the old one. This takes less than a minute!

Go to your Ads page (Ads tab at the top of your dashboard. Select "Pause Ad" or "Delete Ad" on the old ad, then click the "+New Ad" button to create a new ad in a different city:

The screenshot shows the Slixia dashboard interface. At the top, there is a navigation bar with tabs for Dashboard, Profile, Ads, Stats, Media, and Help. The user's profile is visible as 'Jamie Lee' with a dropdown arrow. To the right of the profile, it shows '839 credits remaining' and '28 days remaining', along with a 'Buy Credits' button. Below the navigation bar, there are two location-related buttons: 'Currently in New York City, New York' and 'Set Available Now'. A 'Welcome back!' message is displayed, followed by a note: 'There is one item below that requires your attention.'

Click More

The screenshot shows an ad card for a provider named 'Jamie Lee'. The card features a photo of Jamie Lee, a 'VERIFIED' badge, and the text 'New York City'. Below the photo, it lists 'NEW YORK CITY' and 'ESCORTS, BDSM'. At the bottom, it shows '3 credits per day' and three buttons: 'Edit', 'BUMP!', and 'More'.

Select "Pause" or "Delete"

Click the blue button "New Ad" to create your ad:

Be sure to also change your current location by clicking on the black 'Currently in..' button located at the top of your main dashboard page:
