

How do I change my password?

Kirsty - 2020-07-29 - Account

Your password can be changed two ways.

1. If you cannot remember your password, you can request a reset on the log in page here <https://e.slixia.com/login>

Login

EMAIL OR SLIXA ID
Email address or username

PASSWORD
.....

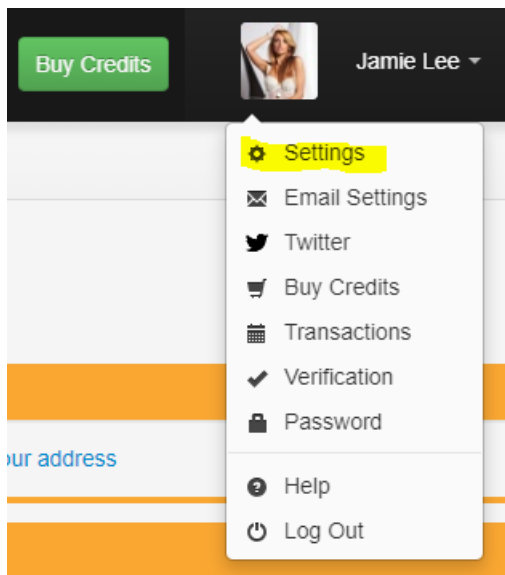

Log In

Forgot your password?
Need an account?

2. If you are able to sign in to your account, you can change your password from your settings page here:

<https://e.slixia.com/account/password>

You can also access this page by hovering over your stage name at the upper right of your dashboard and selecting the "settings" option.

Then click the "Password" option and follow the directions on the screen.

A screenshot of the "Reset Password" form. On the left is a dark sidebar menu with a profile picture at the top and several settings options: "Settings", "Email Settings", "Twitter", "Transactions", "Verification", "Help", "Password" (highlighted in blue), "Export Data", "Profile Visibility", and "Delete Account". The main content area is titled "Reset Password" and contains three input fields: "OLD PASSWORD" (with a password strength icon), "NEW PASSWORD" (with a strength indicator and an eye icon), and "CONFIRM PASSWORD" (with an eye icon). A blue "Change Password" button is located below the input fields.
