How to upgrade to VIP:

You can upgrade your profile by logging into your account and clicking on the Profile tab at the top of your dashboard (direct link below):

<https://e.slixia.com/profile>

1. Near the top, under the "Basics" section, you'll see "Profile Upgrades" - click on the button that says "Upgrade Now"
2. Then, click on the "VIP Upgrade" box
3. Then click the "Apply Upgrades" button
4. Last, click the blue "Save Profile & Publish" button at the bottom right to save your new profile.

Please note, because the VIP profile cover photo has a much larger horizontal space, the photo you selected for your cover photo on a standard profile may no longer display correctly. If it looks out of place, click on the "camera" icon beneath the cover photo image on your Profile Editor page to select a different photo that will look nice in that position. Then re-save your profile.
