How do I upgrade/downgrade my current ad?

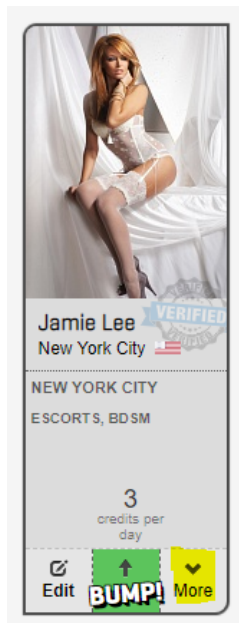

Ria - 2020-07-29 - Ads

To upgrade your ad you first need to access the "Ads" section of your Slixia account:

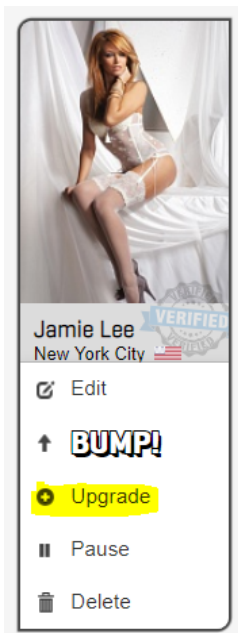

<https://e.slixia.com/ads> (Ads tab at the top of your dashboard)

Select the "More" option.

Click on the "Upgrade" option:

Then simply follow the steps as if you're creating a new ad:

New Ad

Where

	Local Ad in the USA If you're available in a specific city or cities, purchasing local ads is the way to go to ensure you focus your advertising dollars and decrease irrelevant contact requests. Create a Local Ad in the USA ...or create a local ad in a different country	Local ads are perfect for most entertainers
	National Ad in the USA If you tour or travel, Slixa's National Billboard Ad is your best friend and give you the massive image area at the top of the Slixa USA home page, every city page in the country, plus a Basic Thumbnail ad included for free. There is no better ad on the web. Price in the USA: 300 credits for 7 days Create a National Ad in the USA ...or create a national ad in a different country	Incredible exposure for elite advertisers who travel and tour

To downgrade you just need to create a new ad and delete the old one.

Go to your Ads page by clicking on the link below. Select "Delete Ad" on the old ad, then click the "+New Ad" button to create a new ad, selecting the downgraded ad type you have in mind.

<https://e.slixa.com/ads> (Ads tab at the top of your dashboard)

Welcome back!

There is one item below that requires your attention.
