How much does everything cost?

Donia - 2020-07-29 - Purchase

The direct link to our pricing page is below. Select your city from the drop-down menu on the left and the ad types available to you and their associated costs will appear to the right.

Our credit system allows for a great deal of flexibility. The credits in your account are not tied to any specific ad. So for example, you can pause a base ad and credits will stop being deducted while you're running a visiting ad in another city. You are only charged for the days your ads run. At any time you can resume an ad, pause an ad or delete an ad.
