**Profile Upgrades** let visitors know that you belong to a particular group. Some market themselves as VIP, XXX, Centerfold or a combination of the three. If this applies to you, Slixa offers upgraded profile features to distinguish you from others.

**VIP Upgrade**

Slixa's VIP Profiles allows you to stand out from the crowd.

As a VIP you'll receive an enhanced VIP profile page, a VIP badge on all ads site-wide and a highly prominent listing in your city's popular VIP section. VIP is only an additional 2 credits per day!

**Centerfold Upgrade**

This upgrade indicates you've been featured as a model in magazines or on websites, and adds the Centerfold Badge to your profile. This upgrade is currently provided at no cost, however we recommend you provide the names of the magazines or websites you've been featured to give legitimacy to your status.

**XXX Upgrade**

This upgrade indicates you are a XXX actor who has starred in XXX movies and adds the XXX Badge to your profile. This upgrade is currently provided at no cost, however we recommend you provide the names of the movies you have been featured in to give legitimacy to your status.
