BDSM

Slixa BDSM verification is fast and easy and lets your potential clients know that you are a member of the professional BDSM community.

Tell us about your involvement with professional BDSM, for example, your training (self or with someone else), classes, workshops, experience, etc. Please provide as many details as you feel comfortable sharing (this information will only be used to verify you and not be made public). If you know of another verified professional who will vouch for you please feel free to include their information as well. Generally speaking, the more information you can provide, the faster we can verify you.

What's Next?

Slixa will review and verify the information you submitted. We try and complete this verification process as quickly as possible, however in some cases it can take time to contact your references. Thank you for your patience.

Once verification is complete, your profile will automatically begin showing the BDSM Professional badge.
