What is photo verification?

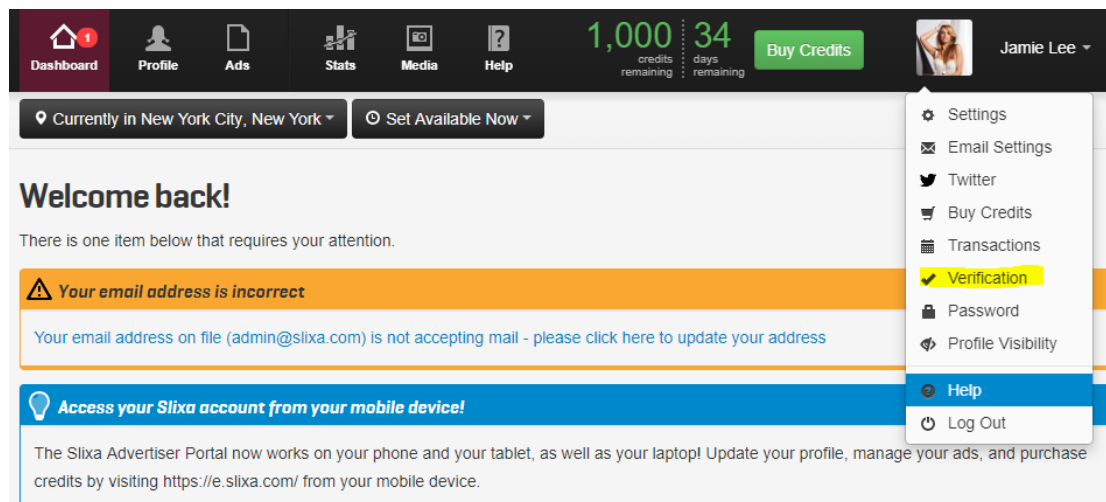

Ria - 2020-07-29 - [Photo Verification](#)

Slixia Photo Verification is fast and easy and lets potential clients know that the photos displayed in your profile are an accurate representation of your true appearance.

You'll get a Slixia verified badge on your photos letting users that you've been verified by Slixia staff.

Please be aware that Photo Verification does not verify your identity; but rather your appearance.

For instructions on getting your photos verified, login to your account and visit the "Verification" page within the "Settings" area of your account:
