## What links can I post on my Slixia profile?

Kirsty - 2020-07-31 - Content Guidelines

You can post links to your personal websites, your social media (Twitter and IG).

If you want to link to sites like Linktree and AllMyLinks you **MUST** include your Slixia profile link on the page!

We do **NOT** allow links to other directory sites, review sites / forums, cam sites, and OnlyFans style sites!
